FACTS Regulatory Workshop SA FOOD LABELLING REGULATIONS

All you need to know & where to find it

WITH JANUSZ LUTEREK

guest speaker from Hahn & Hahn Attorneys

Often focus is placed on R.146 (Regulations relating to the labelling and advertising of foodstuffs), but there are **many other regulations that also have implications** on the labelling of a food.

FACTS is hosting a **2-day workshop** with the aim to provide an in-depth understanding of all the relevant regulations relating to the labelling of foods.

A draft of R146 was published in 2014 and may be finalised and promulgated in 2017. If this does happen before the date of the planned regulatory workshop, we will endeavour to adjust the program so as to train on the updated regulation.
